

**Dry the limit.**

New feature limits spin time to 8 seconds, while removing 95% of a suit's water. Automatic timer helps to protect your suitmate from overuse. Don't let swimmers dry more than they should.

The **Suitmate® Swimsuit Water Extractor** removes 95% of a suit's water in seconds to keep pool water from damaging your facilities.

"THE SUITMATE SATISFIES SWIMMERS"

### ITS HIGH SPEED SPIN LEAVES WET SUITS DRIP-FREE

#### Protects facilities

- Reduces water damage
- Lowers maintenance costs
- Diminishes fixture corrosion
- Minimizes a source of rust on metal surfaces
- Keeps wood finishes drier
- Helps extend the life of flooring and carpets
- Reduces a source of mold and mildew
- Helps extend the life of hand and hair dryers

#### Increases satisfaction

- Frees swimmers from wet gym bags
- Keeps lockers dry and odor-free
- Extends the life of swimsuits
- Reduces theft of hanging suits
- Helps eliminate clutter of hanging suits

#### Promotes swimming

- Eliminates schools' suit exchange programs
- Speeds the swimming experience
- Encourages pool use

#### Operates safely

- Uses manual start and self-stop
- Has no exposed moving parts
- Uses no heat
- Is safe for all swimsuit fabrics
- Has a moisture-proof electrical junction box
- Uses built-in ground fault circuit interrupter

#### Installs easily

- Includes wall-mount bracket for hanging
- Allows for water disposal to be directed to floor drain or piped to waste-water system

#### SuitMate specifications

- Size 15" x 15" x 23"
- Weight: Approx. 55 lbs.
- Construction: Rust-resistant stainless steel and durable plastic
- Power: 115 VAC, 60 Hz
-  approved
- Other power configurations are available
